## (DE) Sicherheitshinweise

**Tragkraft & Belastung:** Der Tisch kann bis zu 10 kg tragen, beachte auch, das Gewicht gleichmäßig zu verteilen.
Stütze dich nicht auf dem Frunkly ab und nutze ihn nicht um dich daran hochzuziehen. Solltest du gegen die Tischplatte stoßen, vergewissere dich, das diese noch fest sitzt.

**Ladungssicherung:** Der Führer des Fahrzeugs ist für Ladung, sowie deren ordnungsgemäße Sicherung verantwortlich. Das Gestell wird mittels der Schrauben mit Griff im vorderen Kofferraum befestigt. Die Tischplatte ist durch ihre Form gegen das Verrutschen gesichert.

**Verletzungsgefahr:** Bei der Bedienung der Scharniere besteht besteht die Gefahr der Verletzung der Hände und Finger durch Einklemmen. Gebe deshalb beim öffnen und Schließen der Scharniere acht darauf.

## (EN) Safety information

**Load capacity & stress resistance:** The table can hold up to 10 kg (22 lbs). Make sure to distribute the weight evenly.

Do not lean on, sit on, or pull yourself up with Frunkly. If you bump into the table top, make sure it is still properly secured.

**Cargo securing:** The operator of the vehicle is responsible for the cargo as well as properly securing it. The base frame is secured to the frunk using the screws with handles. The table top is secured against movement, due to its shape.

**Risk of injury:** When using the hinges, there is an increased risk of injury to hands and fingers due to pinching. Therefore, be careful when opening and closing the hinges.

- 2x Short screws with handle
- 2x Screws with handle + nut
- 2x Mounting brackets for tabletop + screws

### Installation guide with photos & ideas

https://en.frunk.ly/guides

support@frunk.ly frunk.ly

## Base Frame Installation

1. Open the front trunk (“frunk”) of your Tesla and remove all items
2. At the bottom of the frunk, locate the **two hex bolts**, which you can loosen (counter-clockwise) using a **10 mm open-end wrench**, and then remove them completely
3. Place the **left base frame** into the frunk, align the hole in the frame with the hole in the frunk, and secure it using the **short screw with handle**. (Make sure not to over tighten.)
4. Repeat step 3 for the **right base frame**

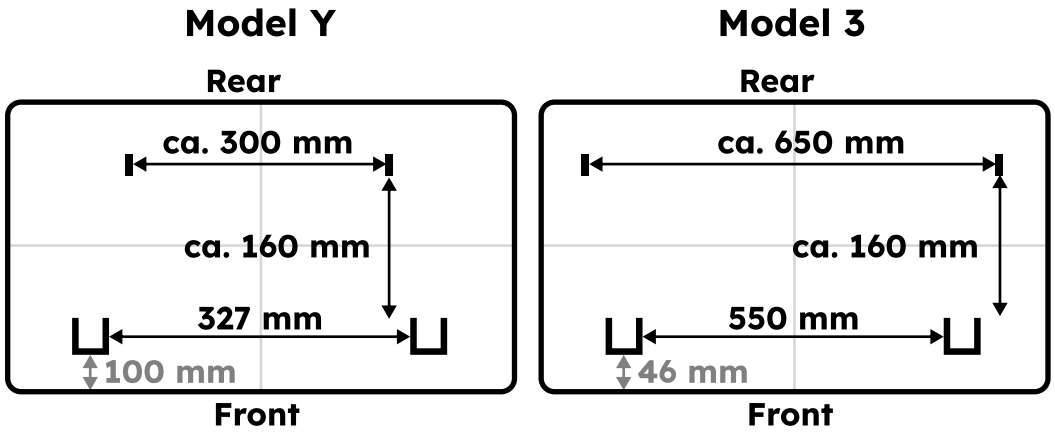
## Tabletop – Recommendations

- Dimensions: 70 cm x 40 cm
- Material: 12 mm birch plywood
- Finish: Double-coated with matching lacquer

This matches the tabletop we typically supply with the Frunkly LT.
Make sure the tabletop you plan to use is compatible with the mounting system, and that you can fold it in using the hinges.

INSTRUCTIONS

## Tabletop Hinge Assembly & Mounting



Mount the supplied parts to the underside of your tabletop. Pay close attention to alignment and spacing between parts - this is crucial for correct operation.
Install the U-shaped pieces first, then find the right position for the metal pieces.
The diagram shows distances between each component.
The front-edge distance is just for reference. Choose what fits best for your setup.

## Support
